Turkey

Meet the Commander

Welcome to Turkey! I'm Colonel Craig Wills, commander of the 39th Air Base Wing. It's our goal that you'll look back on your time here and think, "The 39th was the best wing I ever served with." Meeting that goal starts with getting you off to a good start, and I hope this brochure helps.

This handout is intended to provide you the basic info you'll need to get around Incirlik during your first 39 or so hours here. There's a lot more you'll learn and do over the next few weeks, but you'll be given more details during the Newcomer's Brief and from your unit. For now, get some rest, learn your way around our base and check out the information sources listed in this handout.

I highly recommend taking a few minutes to read the Hodja Handbook, the Newcomer's Guide and visit the base website if you have not done so already. After you settle in and have computer access at work, you should take some time to read some of the Incirlik-specific policies that will guide you during your time here.

This is a wonderful and dynamic place to be and I trust you'll have a great experience. Welcome to the team. I look forward to meeting and serving with you!

CRAIG D. WILLS, Colonel, USAF
